 MOCAP Progress Reporting 129

2020-21 Annual Report on the Missouri Course Access and Virtual School Program

Introduction

The mission of the Missouri Course Access and Virtual School Program (MOCAP) is to offer Missouri students equal access to a wide range of high quality courses, flexibility in scheduling, and interactive online learning. MOCAP provides opportunities for Missouri students and families, including choices about courses, instructional methods, and schedules. MOCAP helps local education agencies (LEAs) solve important issues related to teacher shortages, equity of access, and the need for individualized or flexible learning environments. In addition to offering courses taught by teachers employed by the courseware providers, the MOCAP catalog also offers courses that LEAs can purchase to be taught by local teachers. The MOCAP catalog offers both part-time and full-time learning, with both synchronous and asynchronous approaches available to students.

During the 2020-21 school year, Missouri students participated in the second year of MOCAP. The program served nearly 4,000 students, with over 1,400 courses provided by 13 authorized providers during the 2020-21 school year. This report fulfills the Missouri Department of Elementary and Secondary Education's (DESE's) reporting requirements under § 161.670.10, RSMo. This is the first year state testing data is available for MOCAP and will allow for a more formal learning gains metric to be developed in future years.

The reader should note that this report addresses only the MOCAP program for the 2020-21 school year. Schools in Missouri can also provide virtual learning to their students outside of MOCAP, either through locally developed courses, through contracts with providers, and through agreements with each other.

Definitions

Combined Passing Rate: The number of students who completed *and* passed the course with a 60 percent or higher, divided by the number of students enrolled in the course.

Completion Rate: The number of students finishing a course, regardless of final grade, divided by the total number of students that enrolled in the course.

Learning Gains: Changes in academic achievement over a period of time, usually from one year to the next.

Passing Rate: The number of students who passed the course with a 60 percent or higher, divided by the number of students that completed the course.

Program and Provider Data

Enrollment and Completion Data

Year-end data verification reports from the courseware providers indicated close to 4,000 students were enrolled in over 20,000 courses during the 2020-21 school year. Seventy-seven percent of students completed their courses with 67 percent both completing and passing the courses.

	Students	Enrolled Courses	Courses Completed	Completion Rate	Courses Passed	Combined Passing Rate
MOCAP	3,949	23,930	18,483	77%	15,984	67%
Accelerate	0	NA	NA	NA	NA	NA
Acellus	0	NA	NA	NA	NA	NA
CACC	0	NA	NA	NA	NA	NA

Odysseyware	0	NA	NA	NA	NA	NA
Schools PLP	0	NA	NA	NA	NA	NA

Equitable Access to Coursework

A survey of LEAs indicated through open-ended responses that Advanced Placement (AP) or honors courses and elective classes offered through MOCAP expanded opportunities for students. World languages and career exploration electives were the most common electives mentioned by LEAs that expanded the course offerings for their students. With the exception of advanced core classes, core offerings tended to be redundant to those already available to students. On average, LEAs estimated that 14 percent of courses taken were not available to students locally. Below are examples of the courses students were able to access through MOCAP that they might not have had access to otherwise.

AP and Honors Courses	World Languages	Electives Related to Careers
Calculus	Japanese	Career Explorations
Environmental Science	Chinese	Entrepreneurship
Psychology	German	Game Design
English Literature	Latin	ACT Prep
Composition	Spanish	3D Computer Modeling
US Government	Sign Language	Programming/Computer Science
Computer Science	French	Forensic Science

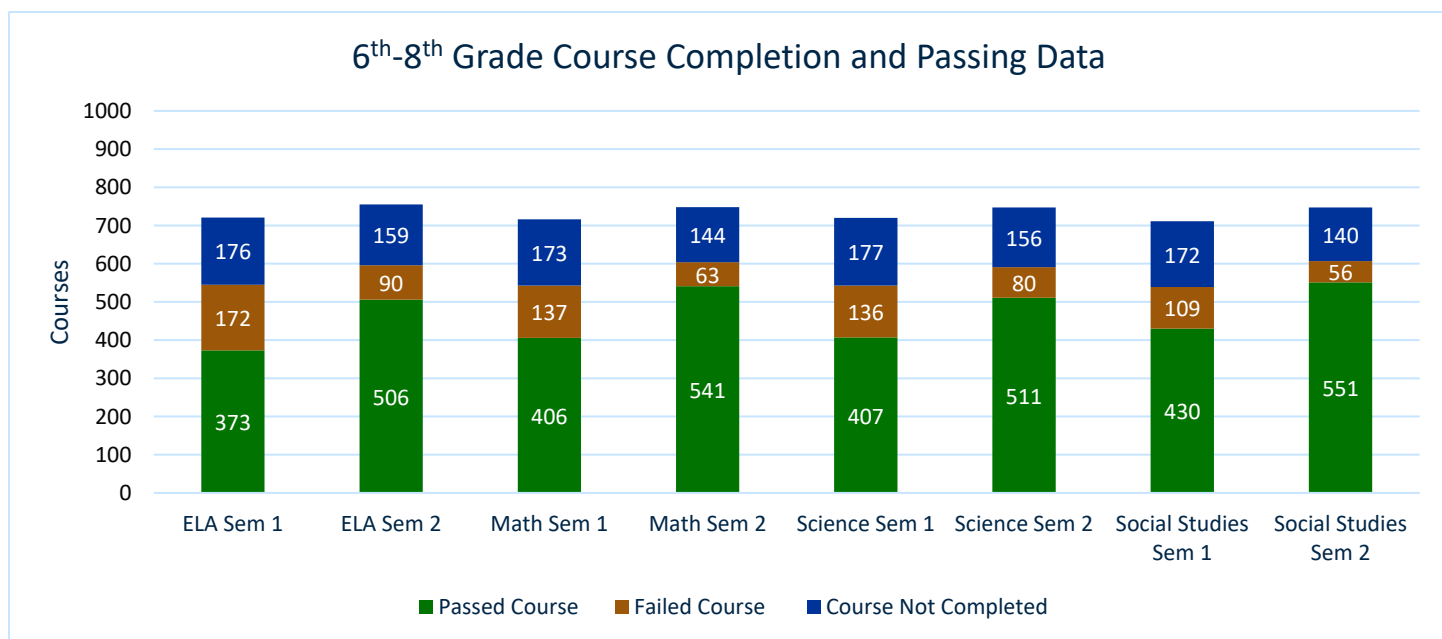

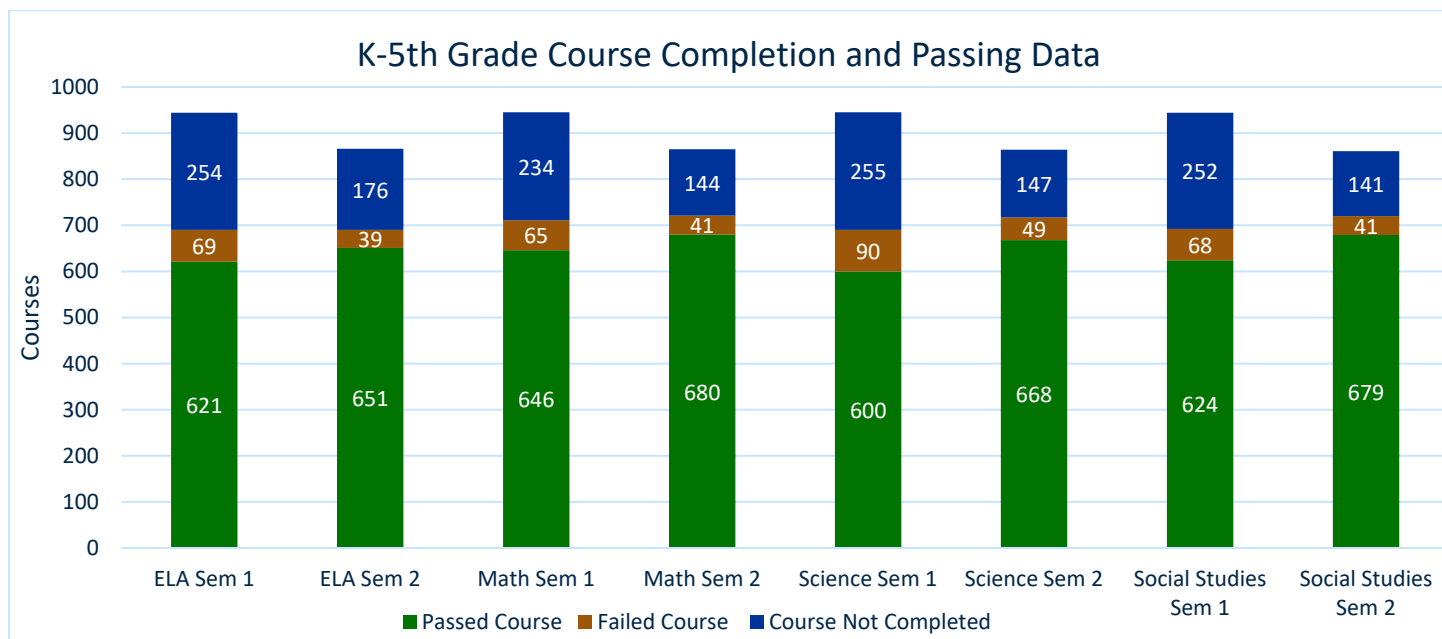

Course Availability

The following table provides a summary of the number of approved courses available by grade span.

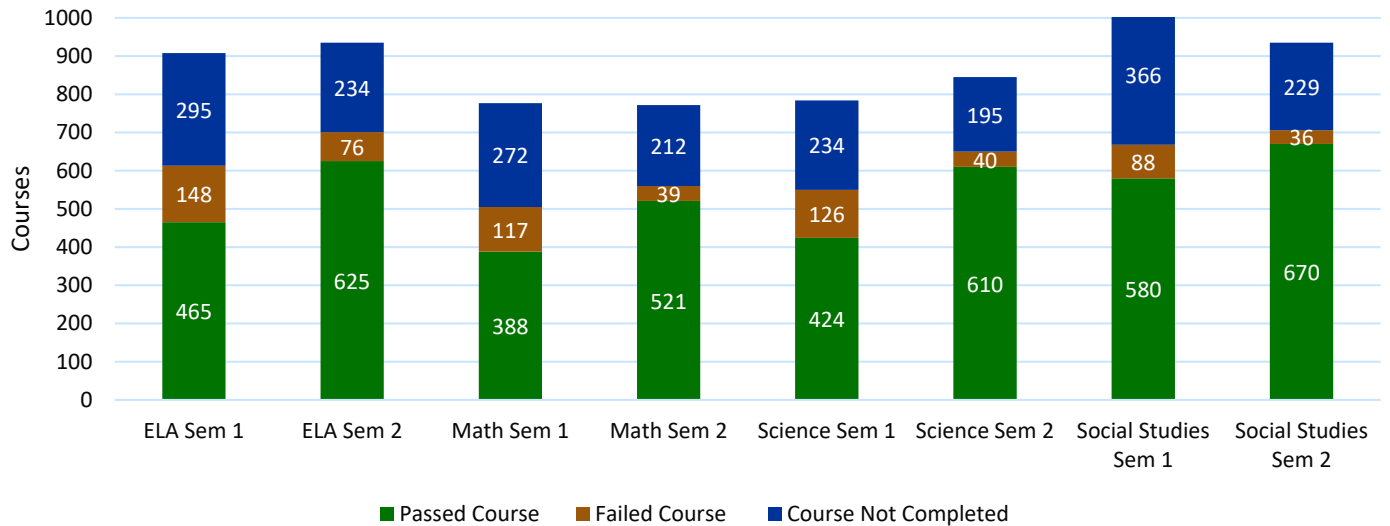

Subject	Grade Level	Number of Approved Courses
English Language Arts (ELA)	K-5	28
	6-8	31
	9-12	104
Math	K-5	39
	6-8	33
	9-12	101
Science	K-5	37
	6-8	25
	9-12	95
Social Studies	K-5	26
	6-8	30
	9-12	125
Electives	K-5	84
	6-8	106
	9-12	613
Total Courses	K-12	1477

Student Outcome Data

A primary set of statistics used in this report is Enrollment Counts, Completion Rates, and Passing Rates. Enrollment Counts indicate the degree to which courses are of interest. Completion Rates indicate the degree to which students persist to the end of the course. Passing Rates indicate the degree to which students are successful in the course. Also included are state assessment achievement results for MOCAP students. Statute requires, and good educational practice advises, that learning gains be used in the MOCAP program evaluation. Learning gains show a student's academic growth over a period of time, usually from one year to the next. This is the first year of assessment data for the program. Due to the COVID 19 pandemic and the suspension of accountability for state testing a learning gains baseline will not be established until the 2021-22 school year. For this year, passing rates and student achievement on the state assessment have been included along with national assessment results on the ACT.

9th-12th Grade Course Completion and Passing Data

Semester Status Reports

Enrollments, completion rates, and passing rates have been submitted by the MOCAP providers. In the following tables, cells containing an “*” indicate that data are suppressed to protect student privacy.

MOCAP Student Test Data

It is important to note that learning was influenced by the COVID-19 pandemic. Assessment results for this year should not be viewed in the same way as other years. Assessment data from the 2020-21 school year should not be used to make certain high-stakes decisions, to interpret in the same way as previous years, or without considering the learning environment and other contextual factors. The 2020-21 test results can be used to illuminate areas of need and combine with local data to create profiles of student performance. Overall, MOCAP test participation was 83 percent in ELA, 82 percent in Math, and 86 percent in Science.

Summary of Surveys

DESE collected feedback from LEAs that partnered with MOCAP providers and from parents/guardians who had students enrolled in MOCAP courses. The survey included client satisfaction measures and perceptual data about course quality and rigor. Further, a set of open-ended questions allowed stakeholders to provide information on ways in which MOCAP met needs and how the program could improve. The surveys utilized a five-point Likert scale ranging from “strongly disagree” to “strongly agree.” The figures below are averages of all responses.

Feedback from School Districts and Charter Schools

Summary Conclusions

During the 2020-21 school year, MOCAP served close to 4,000 students enrolled in nearly 24,000 courses. This was an increase of approximately 2,800 students and 19,000 courses from the inaugural year. MOCAP was in the second year of operation and saw increased demand, at least partly related to the COVID-19 pandemic; this resulted in significant growth for the program. This growth included the addition of three new providers, 562 course additions, and growth in elementary offerings from one provider to four providers.

In the second year of operation, MOCAP continued to support equitable access to courses. LEAs estimated on open-ended survey questions that 14 percent of enrolled courses expanded local course offerings for students. The most commonly identified courses that supported equitable access were honors and AP courses, world languages, and career-specific electives.

Students enrolled in MOCAP courses for the 2020-21 school year completed courses at a rate of 77 percent, an improvement of 10 percent from the previous year. Sixty-seven percent of students both completed *and* passed their courses, up from 59 percent from the previous year. In general, completion rates for courses were much higher second semester when compared with first semester. While there are many factors influencing these numbers, including the COVID-19 pandemic, feedback from stakeholders suggested that increasing communication of student expectations could help improve first semester outcomes. As a result of this feedback, student expectations have been posted on the MOCAP website for each provider. MOCAP will continue to look for ways to support stakeholders when they are considering enrollment in virtual courses to ensure all involved have a clear understanding of student expectations and skills necessary to be successful in virtual learning.

The previous annual report identified 6th-12th grade ELA course completion and passing rates as areas of concern. This concern was shared with providers and discussed during stakeholder meetings. This year, there was a significant improvement in 6th-12th grade students completing and passing ELA courses. ELA students in 6th-12th grade improved the passing percentage from 39 percent to 67 percent and decreased the percentage of incomplete courses from 34 percent to 25 percent. This will continue to be an area monitored by the program.

Survey feedback from stakeholders is important to DESE and helps to drive improvements with MOCAP. LEAs identified the ability to monitor course quality as the area in need of improvement. This is important because LEAs are required by § 161.670 RSMo to provide feedback to DESE on course quality. This will be an area that DESE will focus on for future improvements. LEA survey responses also indicated an improvement on responsiveness to questions. Last year, several LEAs identified that they could not adequately monitor student progress; this was addressed by DESE through an update to the MOCAP regulation that is in effect for this school year. Future survey feedback will be monitored to ensure this improvement has had the intended effect. Parents and guardians shared through survey feedback that communication of student expectations could be improved. Parent and guardian survey responses that scored the highest were responsiveness to questions, ease of enrollment, and privacy policy.

Approved Courses by Provider with Course Enrollment Numbers

Enrollment figures in the courses below are calculated from monthly progress reports provided by the providers.

Course Name	Grade Level (K-12)	Type of Credit (ELA, Science, Electives, Etc.)	MOSIS Course ID	NCAA Approved? (Yes or No)	Prerequisites (Yes or No)	Number of Semesters (1 or 2)	Per Semester With Teachers	Per Year With Teachers	Materials and Book Cost	Curriculum Only Per Semester	Curriculum Only Per Year	Provider	Enrollment Numbers
French I A/B	6-12	Foreign Language	064900	NA	No	2				\$39		Accelerate	0
French II A/B	6-12	Foreign Language	064900	NA	Yes	2				\$39		Accelerate	0

MOCAP Courseware Provider Survey

School districts and charter schools shall monitor student progress and success, and course or full-time virtual school quality, and annually provide feedback to the Department of Elementary and Secondary Education regarding course quality. § 161.670, RSMo.

1. This provider was responsive to questions.

	1	2	3	4	5
Not Applicable	Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree

2. The enrollment process with this provider was easy to navigate.

	1	2	3	4	5
Not Applicable	Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree

3. The provider had straightforward and consistent billing practices.

	1	2	3	4	5
Not Applicable	Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree

4. The courses available by this provider met student needs.

	1	2	3	4	5
Not Applicable	Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree

5. The provider has a privacy policy that is easy to locate.

	1	2	3	4	5
Not Applicable	Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree

6. The provider has a privacy policy that is easy to interpret.

	1	2	3	4	5
Not Applicable	Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree

7. Please share any additional comments about... (Optional)

- Responsiveness
- Enrollment
- Billing
- Course Availability
- Privacy Policy

8. As a district, we were able to effectively monitor student progress and success with this provider.

	1	2	3	4	5
Not Applicable	Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree

9. As a district, we were able to effectively monitor course quality with this provider.

	1	2	3	4	5
Not Applicable	Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree

10. Please describe any barriers you faced with monitoring student success, progress, and/or course quality.

If you do not feel you have enough information to provide feedback, please mark “Not Applicable” on questions 13-15.

11. Overall, this provider’s classes had quality instruction.

	1	2	3	4	5
Not Applicable	Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree

12. Overall, this provider had quality content and materials.

	1	2	3	4	5
Not Applicable	Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree

13. Overall, the rigor of this provider’s courses met expectations.

	1	2	3	4	5
Not Applicable	Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree

14. Please share any additional comments about... (Optional)

- Quality of Instruction
- Quality of Content and Materials
- Rigor

15. What percentage of the courses completed by your students were courses not currently offered in a traditional setting at your school? Please specify courses.

16. In order to provide more opportunities for Missouri students, what courses would you like to see added to the MOCAP course catalog?

17. Please share any strengths of this provider.

18. Please share any areas of improvement for this provider.

Appendix B

MOCAP Parent Survey

Please provide your feedback on the Missouri Course Access and Virtual School Program (MOCAP) providers. Your feedback is critically important as we seek to evaluate and improve the program. This brief survey is related to your experience during this school year.

Courseware provider:

- Accelerate
- Acellus
- Columbia Area Career Center
- Connections Academy (MOCA)
- Edgenuity
- EdisonLearning
- Edmentum
- Greenways Academy
- Launch
- Mizzou Academy
- MOVA
- Odysseyware
- SchoolsPLP

1. The MOCAP enrollment process was well communicated by my school.

	1	2	3	4	5
Not Applicable	Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree

2. The MOCAP enrollment process was easy to navigate.

	1	2	3	4	5
Not Applicable	Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree

3. This courseware provider clearly communicated information about student expectations.

	1	2	3	4	5
Not Applicable	Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree

4. This courseware provider had effective orientation information to help students learn how to navigate the virtual learning environment.

	1	2	3	4	5
Not Applicable	Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree

5. This courseware provider was responsive to questions.

	1	2	3	4	5
Not Applicable	Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree

6. The course(s) available by this provider met the student's needs.

	1	2	3	4	5
Not Applicable	Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree

7. The courseware provider made their privacy policy available for review.

	1	2	3	4	5
Not Applicable	Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree

8. Please share any additional comments about... (Optional)

- Enrollment
- Responsiveness
- Student Expectations
- Orientation
- Course Availability
- Privacy Policy

9. As parents/guardians, we were able to effectively monitor student progress and success with this courseware provider.

	1	2	3	4	5
Not Applicable	Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree

10. As parents/guardians, we were able to effectively monitor course quality with this provider.

	1	2	3	4	5
Not Applicable	Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree

11. Please describe any barriers you faced with monitoring student access, progress, and/or course quality.

	1	2	3	4	5
Not Applicable	Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree

If you do not feel you have enough information to provide feedback, please mark "Not Applicable" on questions 18-20.

12. Overall, this courseware provider's classes had quality instruction.

	1	2	3	4	5
Not Applicable	Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree

13. Overall, this courseware provider had quality content and materials.

	1	2	3	4	5
Not Applicable	Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree

14. Overall, the rigor of this courseware provider's courses met expectations.

	1	2	3	4	5
Not Applicable	Strongly Disagree	Disagree	Neutral	Agree	Strongly Agree

15. Please share any additional comments about... (Optional)

- Quality of Instruction
- Quality of Content and Materials
- Rigor

16. What percentage of the courses completed by your student were courses not currently offered in a traditional setting at your resident school? Please specify courses.

17. In order to provide more opportunities for your student, what courses would you like to see added to the MOCAP course catalog?
18. Please share any strengths of this courseware provider.
19. Please share any areas of improvement for this courseware provider.
20. Please provide the name of your resident school district.
21. What grade is your student in?
